# About Us

Two Guys Home Furnishings started with one simple goal: to help people make their homes comfortable and beautiful. Our journey in Dubai began as Blinds & Curtains, where we focused on providing high-quality window coverings, along with honest advice and excellent service. With years of retail experience in the UK and award-winning customer care, our owner and managing partner, Shiraz, brought the same values to every home we worked in.

Over time, our customers asked for more than just blinds and curtains. They wanted complete home solutions from a team they could trust. That's when Two Guys Home Furnishings was born, offering everything under one roof to make the entire process easy and stress-free.

Today, we provide custom curtains and blinds, stylish furniture, beautiful wallpapers, and strong, long-lasting flooring options, including SPC, LVT. From choosing the right design to professional installation, our friendly team is with you at every step.

What makes us different is our people. We listen carefully, give honest advice, and never push for sales. We treat every home like it's our own and pay attention to even the smallest details.

At Two Guys, we don't just decorate houses; we help turn them into warm, comfortable homes filled with style, quality, and care.
